PROFESSIONAL SUMMARY

Results-driven Data Analyst with a strong background in database management, data visualization, and business intelligence. Adept at analyzing large datasets to extract meaningful insights, optimize processes, and drive data-informed decision-making. Proficient in SQL, Python, Tableau, and Excel, with hands-on experience in ETL processes, database management, and reporting. Passionate about leveraging data to enhance operational efficiency and business performance.

SKILLS & TOOLS

- **Programming & Database Management:** SQL (MySQL, MSSQL), Python (Pandas, NumPy, Matplotlib), PowerSchool, ETL Processing
- **Data Visualization & BI Tools:** Tableau, Excel (Pivot Tables, VLOOKUP, Dashboards), Google Data Studio
- **Business & Statistical Analysis:** Forecasting, GAP Analysis, SWOT Analysis, KPI Tracking
- **Software & Technologies:** G Suite, Schoology, ServiceNow, Cisco Unified Intelligence Center, Epic/Apex (EHR)
- **Soft Skills:** Communication, Problem-Solving, Process Optimization, Team Collaboration

KEY HIGHLIGHTS

- Expertise in data analytics, visualization, and database management.
- Experience optimizing business and operational processes using data-driven strategies.
- Strong technical proficiency in SQL, Python, and Tableau for data analysis and reporting.
- Proven ability to collaborate cross-functionally to implement data solutions.

PROFESSIONAL EXPERIENCE

Database Manager / Data Analyst

Bishop O'Dowd High School | August 2022 – Present

- Manage and maintain the school's database systems using PowerSchool, ensuring data integrity and accuracy.
- Develop and optimize reporting solutions for academic, administrative, and business functions.
- Collaborate with multiple departments (Academics, Admissions, Business Office, IT) to streamline data workflows.
- Provide real-time data analysis and reporting to improve decision-making.
- Administer and support G Suite, Schoology, and other learning management systems.

Data Analyst

UCSF Health – Ambulatory Call Center | April 2021 – August 2022

- Conducted ETL processes, extracting data from Cisco Unified Intelligence Center into local databases for reporting.
- Developed dashboards in Excel and Tableau to visualize key performance indicators (e.g., service levels, call wait times).
- Analyzed call center metrics to optimize staffing and operational efficiency.
- Provided data-driven insights for executive decision-making.
- Assisted with onboarding by managing ServiceNow ticketing for IT equipment and workflow setup.

Practice Coordinator

UCSF Health – Ambulatory Call Center | February 2021 – April 2021

- Scheduled patient appointments and managed electronic health records (EHR) using Epic/Apex.

- Conducted outreach initiatives to inform patients about Covid-19 vaccination/testing.
- Utilized Excel and Microsoft Teams for data tracking and coordination.

EDUCATION

California State University, East Bay

B.S. in Business Administration | *December 2020*

- **Capstone Project:** Managed a virtual business in a competitive market, applying financial forecasting, SWOT analysis, and data visualization techniques.
- **Relevant Coursework:** Business Analytics, Applied Statistics, Database Management, Operations Research

Ohlone College

A.A. in Economics | *July 2017*

- **Relevant Coursework:** Macroeconomics, Microeconomics, Computer Science, General Engineering

CERTIFICATIONS

- **Python for Data Analysis and Visualization**
- **Tableau for Data Analysts**
- **Master Class in Tableau for Business Intelligence**

ADDITIONAL EXPERIENCE

Co-founder / Coach

UC Elite Sports, Union City | *September 2014 – Present*

- Founded and expanded a community-based sports program.
- Managed team performance metrics and program growth strategies.

Educator / Coach

New Haven Unified School District | August 2013 – Present

- Organized and managed the team fundraising, travel, and schedule throughout the season.
- Led high school and middle school volleyball programs, with improving player performance and recruitment each season.
